Attn: Shari Garwick, Director of Public Works

Subject: San Dimas Loop Reconstruction- Clerical Error

To Shari Garwick,

Los Angeles Engineering submitted a bid for the San Dimas Loop Reconstruction Project on 8/8/2024. Upon reviewing our files, we discovered a clerical error had occurred where our estimating software had shown substantial shoring costs inadvertently marked as "non-add" or "suspended" which resulted our bid to be deficient by a direct cost of \$506,289.

We are hereby requesting relief from our bid due to this mistake which significantly makes our bid materially different than what we had intended.

Sincerely,

Aaron O'Brien, Secretary
Los Angeles Engineering
